

JAMES SHEAHAN CATHOLIC HIGH SCHOOL

Application for Bursary 2018

Parents/Carers name(s) _____

Address: _____

Student Name	School Year	School currently attending

TERMS AND CONDITIONS:

Please read this document in conjunction with the latest details of the Bursary Fund available on the James Sheahan Catholic High School website.

A Bursary is provided to children of Catholic families at the complete discretion of the School and subject to the School's ability to provide it. No guarantee is given as to the School's ability to provide Bursaries in future years. However, a Bursary will be honoured as long as the Family circumstances do not change during the following years. The Bursary covers school service fees, teaching and resource fees and all textbooks. Not covered by the Bursary are the following: - Diocesan Capital Works Levy, Technology Levy, subject selection fees, student iPad, Sheahan Day, sports fees, excursion costs and uniforms.

It would assist with the deliberations of the Bursary Committee if you could provide a covering letter providing any necessary further information regarding your family's circumstances, additional children at school or pre-school and relevant information on your child's talents and aspirations for the future.

A Bursary is provided on the basis of the Bursary Committee's confidential assessment of your family's ability to pay the scheduled School fees, and is therefore largely based on an assessment of your family income. All information provided to the Bursary Committee will be treated with the strictest confidentiality.

Although the Bursary will be provided for the next year on the basis of your current family income, it is expected that, should there be a significant change in your family income (for whatever reason) at any time during that period, you will notify the Bursar. The School reserves the right to make adjustments to fees from the time of the change in circumstances.

In most instances, it will be sufficient to show the gross salary from your most recent Taxation returns and Centrelink statements. However, this should be adjusted for any subsequent wage increases resulting from Award changes, promotions, changes in job, commencement or termination of employment, or any other cause.

Should it come to the attention of the Bursar that family income disclosed for the purposes of this assessment is significantly understated. The Bursary may be withdrawn and full fees charged, backdated to the commencement of the Bursary. Continuing payment of the Bursary is conditional on satisfactory behavior, attendance at school and commitment to studies as determined by the Principal.
